

AMENDMENT 6

A Special Interest Power Grab

THE WARNING

Amendment 6 is a dangerous mistake for Missouri

Out-of-state interest groups could flood Missouri with harmful policies that are very hard to fix.

A PETITION PASSES

TODAY

Your elected lawmakers can fix errors and bad policies in the law.

WITH AMENDMENT 6

Lawmakers could not fix it. They could only send it back to voters, and only if 80% of both chambers agree.

The legislature, which is elected by the people, would no longer realistically be able to address errors and bad policies passed using the initiative petition process.

That bar is higher than the two-thirds majority needed to override a governor's veto, and just 7 senators could block any fix.
